Subject: ISE FX Options Margin Levels

ISE has determined the applicable margin levels for each currency product pursuant to ISE Rule 1202(d), which requires the Exchange to review five-day price changes over the preceding three-year period. The margin level is set at a level that would have covered price movements during the review period at least 97.5% of the time (“confidence level”). ISE will review these margin levels each quarter, in January, April, July, and October.

Upon completion of its review, ISE FX margin levels for the trading period January 15, 2008 – April 14, 2008 will be as follows:

Currency Product	ISE Symbol	Current Margin Level	New Margin Level
ISE FX Euro	EUI	2.5%	2.4%
ISE FX British Pound	BPX	2.6%	2.6%
ISE FX Yen	YUK	2.7%	3.0%
ISE FX Canadian Dollar	CDD	2.5%	3.1%

Please contact me at the above number if you have any questions.
