Information Circular: Teucrium Corn Fund

To: Head Traders, Technical Contacts, Compliance Officers, Heads of ETF Trading, Structured Products Traders

From: NASDAQ Listing Qualifications Department
BX Listing Qualifications Department

DATE: June 9, 2010

Exchange-Traded Fund	Symbol	CUSIP #
Teucrium Corn Fund	CORN	88166A102

Background Information on the Trust

As more fully explained in the Registration Statement (No. 333-162033), the Teucrium Corn Fund (the "Fund" or "CORN"), is a commodity pool that is not registered as an investment company under the Investment Company Act of 1940. Each Unit of the Fund (the "Unit" or "Units" or "Shares") represents a fractional undivided beneficial interest in the net assets of the Fund. CORN is not a mutual fund registered under the Investment Company Act of 1940 and is not subject to regulation under such Act.

CORN is a commodity pool that will issue Shares that may be purchased and sold on the NYSE Arca. The Fund is a series of the Teucrium Commodity Trust ("Trust"), a Delaware statutory trust organized on September 11, 2009. Additional series of the Trust that will be separate commodity pools may be created in the future, but the Fund is currently the Trust's only series. The Trust and the Fund operate pursuant to the Trust's Amended and Restated Declaration of Trust and Trust Agreement (the "Trust Agreement"). The Fund was formed and is managed and controlled by the Sponsor, Teucrium Trading, LLC. The Sponsor is a limited liability company formed in Delaware on July 28, 2009 that is registered as a commodity pool operator ("CPO") with the Commodity Futures Trading Commission ("CFTC") and is a member of the National Futures Association ("NFA").

The investment objective of the Fund is to have the daily changes in percentage terms of the Shares' NAV reflect the daily changes in percentage terms of a weighted average of the closing settlement prices for three futures contracts for corn ("Corn Futures Contracts") that are traded on the Chicago Board of Trade ("CBOT"), specifically (1) the second-to-expire CBOT Corn Futures Contract, weighted 35%, (2) the third-to-expire CBOT Corn Futures Contract, weighted 30%, and (3) the CBOT Corn Futures Contract expiring in the December following the expiration month of the third-to-expire contract, weighted 35%, less the Fund's expenses. (This weighted average of the three referenced Corn Futures Contracts is referred to herein as the "Benchmark," and the three Corn Futures Contracts that at any given time make up the Benchmark are referred to herein as the "Benchmark Component Futures Contracts.")

The Fund seeks to achieve its investment objective by investing under normal market conditions in Benchmark Component Futures Contracts or, in certain circumstances, in other Corn Futures Contracts traded on the CBOT or on foreign exchanges. In addition, and to a limited extent, the Fund also may invest in corn-based swap agreements that are cleared through the CBOT or its affiliated provider of clearing services ("Cleared Corn Swaps") in furtherance of the Fund's investment objective. Once position limits in Corn Futures Contracts are applicable, the Fund's intention is to invest first in Cleared Corn Swaps to the extent permitted by the position limits applicable to Cleared Corn Swaps and appropriate in light of the liquidity in the Cleared Corn Swap market, and then in contracts and instruments such as cash-settled options on Corn Futures Contracts and forward contracts, swaps other than Cleared Corn Swaps, and other over-the-counter transactions that are based on the price of corn and Corn Futures Contracts (collectively, "Other Corn Interests," and together with Corn Futures Contracts and Cleared Corn Swaps, "Corn Interests"). See "The Offering – Futures Contracts" below. By utilizing certain or all of these investments, the Sponsor will endeavor to cause the Fund's performance, before taking Fund expenses and any interest income from the cash, cash equivalents and U.S. Treasury securities held by the Fund into account, to closely track that of the Benchmark. The Sponsor expects to manage the Fund's investments directly, although it has been authorized by the Trust to retain, establish the terms of retention for, and terminate third-party commodity trading advisors to provide such management. The Sponsor is also authorized to select futures commission merchants to execute the Fund's transactions in Corn Futures Contracts.

Corn Futures Contracts traded on the CBOT expire on a specified day in five different months: March, May, July, September and December. For example, in terms of the Benchmark, in June of a given year the next-to-expire or "spot month" Corn Futures Contract will expire in July of that year, and the Benchmark Component Futures Contracts will be the contracts expiring in September of that year (the second-to-expire contract), December of that year (the third-to-expire contract), and December of the following year. As another example, in November of a given year the Benchmark Component Futures Contracts will be the contracts expiring in March, May and December of the following year.

The Fund seeks to achieve its investment objective primarily by investing in Corn Interests such that daily changes in the Fund's NAV will be expected to closely track the changes in the Benchmark. The Fund's positions in Corn Interests will be changed or "rolled" on a regular basis in order to track the changing nature of the Benchmark. For example, five times a year (on the date on which a Corn Futures Contract expires), the second-to-expire Corn Futures Contract will become the next-to-expire Corn Futures Contract and will no longer be a Benchmark Component Futures Contract, and the Fund's investments will have to be changed accordingly. In order that the Fund's trading does not cause unwanted market movements and to make it more difficult for third parties to profit by trading based on such expected market movements, the Fund's investments typically will not be rolled entirely on that day, but rather will typically be rolled over a period of several days.

Consistent with achieving the Fund's investment objective of closely tracking the Benchmark, the Sponsor may for certain reasons cause the Fund to enter into or hold Corn Futures Contracts other than the Benchmark Component Futures Contracts, Cleared Corn Swaps and/or Other Corn Interests. For example, certain Cleared Corn Swaps have standardized terms similar to, and are priced by reference to, a corresponding Benchmark Component Futures Contract. Additionally, Other Corn Interests that do not have standardized terms and are not exchange-traded, referred to as "over-the-counter"

Corn Interests, can generally be structured as the parties to the Corn Interest contract desire. Therefore, the Fund might enter into multiple Cleared Corn Swaps and/or over-the-counter Corn Interests intended to exactly replicate the performance of each of the three Benchmark Component Futures Contracts, or a single over-the-counter Corn Interest designed to replicate the performance of the Benchmark as a whole. Assuming that there is no default by a counterparty to an over-the-counter Corn Interest, the performance of the Corn Interest will necessarily correlate exactly with the performance of the Benchmark or the applicable Benchmark Component Futures Contract. The Fund's might also enter into or hold Corn Interests other than Benchmark Component Futures Contracts to facilitate effective trading, consistent with the discussion of the Fund's "roll" strategy in the preceding paragraph. In addition, the Fund might enter into or hold Corn Interests that would be expected to alleviate overall deviation between the Fund's performance and that of the Benchmark that may result from certain market and trading inefficiencies or other reasons. By utilizing certain or all of the investments described above, the Sponsor will endeavor to cause the Fund's performance, before taking Fund expenses and any interest income from the cash, cash equivalents and U.S. Treasury securities held by the Fund into account, to closely track that of the Benchmark.

The Fund invests in Corn Interests to the fullest extent possible without being leveraged or unable to satisfy its expected current or potential margin or collateral obligations with respect to its investments in Corn Interests. After fulfilling such margin and collateral requirements, the Fund will invest the remainder of its proceeds from the sale of baskets in short-term obligations of the United States government ("Treasury Securities") or cash equivalents, and/or merely hold such assets in cash (generally in interest-bearing accounts). Therefore, the focus of the Sponsor in managing the Fund is investing in Corn Interests and in Treasury Securities, cash and/or cash equivalents. The Fund will earn interest income from the Treasury Securities and/or cash equivalents that it purchases and on the cash it holds through the Fund's custodian, the Bank of New York Mellon (the "Custodian").

The Sponsor endeavors to place the Fund's trades in Corn Interests and otherwise manage the Fund's investments so that the Fund's average daily tracking error against the Benchmark will be less than 10 percent over any period of 30 trading days. More specifically, the Sponsor will endeavor to manage the Fund so that A will be within plus/minus 10 percent of B, where:

- A is the average daily change in the Fund's NAV for any period of 30 successive valuation days, i.e., any trading day as of which the Fund calculates its NAV, and
- B is the average daily change in the Benchmark over the same period.

The Sponsor believes that market arbitrage opportunities will cause the Fund's Share price on the NYSE Arca to closely track the Fund's NAV per share. The Sponsor believes that the net effect of this expected relationship and the expected relationship described above between the Fund's NAV and the Benchmark will be that the changes in the price of the Fund's Shares on the NYSE Arca will closely track, in percentage terms, changes in the Benchmark, less the Fund's expenses.

The Sponsor employs a "neutral" investment strategy intended to track the changes in the Benchmark regardless of whether the Benchmark goes up or goes down. The Fund's "neutral" investment strategy is designed to permit investors generally to purchase and sell the Fund's Shares for the purpose of investing indirectly in the corn market in a cost-effective manner. Such investors may include participants in the corn industry and other industries seeking to hedge the risk of losses in their corn-related transactions, as well as investors seeking exposure to the corn market. Accordingly, depending on the investment objective of an individual investor, the risks generally associated with investing in the corn market and/or the risks involved in hedging may exist. In addition, an investment in the Fund involves the risks that the changes in the price of the Fund's Shares will not accurately track the changes in the Benchmark, and that changes in the Benchmark will not closely correlate with changes in the price of corn on the spot market. Furthermore, as noted above, the Fund also invests in short-term Treasury Securities, cash and/or cash equivalents to meet its current or potential margin or collateral requirements with respect to its investments in Corn Interests and to invest cash not required to be used as margin or collateral. The Fund does not expect there to be any meaningful correlation between the performance of the Fund's investments in Treasury Securities/cash/cash equivalents and the changes in the price of corn or Corn Interests. While the level of interest earned on or the market price of these investments may in some respects correlate to changes in the price of corn, this correlation is not anticipated as part of the Fund's efforts to meet its objective. This and certain risk factors discussed in this prospectus may cause a lack of correlation between changes in the Fund's NAV and changes in the price of corn. The Sponsor does not intend to operate the Fund in a fashion such that its per share NAV will equal, in dollar terms, the spot price of a bushel or other unit of corn or the price of any particular Corn Futures Contract.

The Fund creates and redeems Shares only in blocks called Creation Baskets and Redemption Baskets, respectively. Only Authorized Purchasers may purchase or redeem Creation Baskets or Redemption Baskets. An Authorized Purchaser is under no obligation to create or redeem baskets, and an Authorized Purchaser is under no obligation to offer to the public Shares of any baskets it does create. Baskets are generally created when there is a demand for Shares, including, but not limited to, when the market price per share is at (or perceived to be at) a premium to the NAV per share. Similarly, baskets are generally redeemed when the market price per share is at (or perceived to be at) a discount to the NAV per share. Retail investors seeking to purchase or sell Shares on any day are expected to effect such transactions in the secondary market, on the NYSE Arca, at the market price per share, rather than in connection with the creation or redemption of baskets.

The Fund will commence making the investments described in this prospectus as quickly as practicable (no more than three business days) after the initial Creation Basket is sold. All proceeds from the sale of subsequent Creation Baskets will also be invested as quickly as practicable in such investments. The Fund's cash and investments are held through the Fund's Custodian, in accounts with the Fund's commodity futures brokers or in collateral accounts with respect to over-the-counter Corn Interests. There is no stated maximum time period for the Fund's operations and the Fund will continue until all Shares are redeemed or the Fund is liquidated pursuant to the terms of the Trust Agreement.

There is no specified limit on the maximum amount of Creation Baskets that can be sold. At some point, however, applicable position limits on Corn Futures Contracts, Cleared Corn Swaps or Other Corn Interests may practically limit the number of Creation Baskets that will be sold if the Sponsor determines that the other investment alternatives available to the Fund at that time will not enable it to meet its stated investment objective.

Shares may also be purchased and sold by individuals and entities that are not Authorized Purchasers in smaller increments than Creation Baskets on the NYSE Arca. However, these transactions are effected at bid and ask prices established by specialist firm(s). Like any listed security, Shares of the Fund can be purchased and sold at any time a secondary market is open.

In managing the Fund's assets, the Sponsor does not use a technical trading system that automatically issues buy and sell orders. Instead, each time one or more baskets are purchased or redeemed, the Sponsor will purchase or sell Corn Interests with an aggregate market value that approximates the amount of cash received or paid upon the purchase or redemption of the basket(s).

Note to Secondary Market Investors: The Shares can be directly purchased from or redeemed by the Fund only in Creation Baskets or Redemption Baskets, respectively, and only by Authorized Purchasers. Each Creation Basket and Redemption Basket consists of 100,000 Shares and therefore may require a commitment of several million dollars (e.g., 100,000 Shares times an initial Share price of $25.00 equals $2.5 million). Accordingly, investors who do not have such resources or who are not Authorized Purchasers should be aware that some of the information contained in this prospectus, including information about purchases and redemptions of Shares directly with the Fund, is only relevant to Authorized Purchasers. Shares will be listed and traded on the NYSE Arca under the ticker symbol "CORN" and may be purchased and sold as individual Shares. Individuals interested in purchasing Shares in the secondary market should contact their broker. Shares purchased or sold through a broker may be subject to commissions.

The Fund will pay the Sponsor a management fee of 1.00% of NAV on its average net assets. Brokerage fees are estimated to be 0.06% and will be paid to unaffiliated brokers.

Individual certificates will not be issued for the Units. Instead, Units will be represented by one or more global certificates, which will be deposited by the Administrator with the Depository Trust Company ("DTC") and registered in the name of Cede & Co., as nominee for DTC.

The NAV will be calculated by taking the current market value of the Fund's total assets and subtracting any liabilities. Under the Fund's current operational procedures, the Fund's administrator, The Bank of New York Mellon (the "Administrator") will calculate the NAV of the Fund's Shares as of the earlier of 4:00 p.m. New York time or the close of the New York Stock Exchange each day. NYSE Arca will calculate an approximate net asset value every 15 seconds throughout each day that the Fund's Shares are traded on the NYSE Arca for as long as the CBOT's main pricing mechanism is open.

For more information regarding the Fund's investment strategy, please read the prospectus for the Fund.

The listing exchange, NYSE Arca, will calculate and disseminate to the consolidated tape an indicative per share value for the Shares every 15 seconds.

The registration statement describes the various fees and expenses for the Fund and its Units. For a more complete description of the Fund, visit the Fund's website at www.teucriumcornfund.com.

Indicative Fund Value

In order to provide updated information relating to the Fund for use by investors and market professionals, NYSE Arca will calculate and disseminate throughout the trading day an updated “indicative fund value.” The indicative fund value is calculated by using the prior day’s closing NAV per share of the Fund as a base and updating that value throughout the trading day to reflect changes in the value of the Fund’s Corn Interests during the trading day. Changes in the value of Treasury Securities and cash equivalents will not be included in the calculation of indicative value. For this and other reasons, the indicative fund value disseminated during NYSE Arca trading hours should not be viewed as an actual real time update of the NAV. NAV is calculated only once at the end of each trading day.

The indicative fund value will be disseminated on a per Share basis every 15 seconds during regular NYSE Arca trading hours of 9:30 a.m. New York time to 4:00 p.m. New York time. The normal trading hours for Corn Futures Contracts on the CBOT are 10:30 a.m. New York time to 2:15 p.m. New York time. This means that there is a gap in time at the beginning and the end of each day during which the Fund’s Shares are traded on the NYSE Arca, but real-time CBOT trading prices for Corn Futures Contracts traded on such Exchange are not available. As a result, during those gaps there will be no update to the indicative fund value.

The NYSE Arca will disseminate the indicative fund value through the facilities of CTA/CQ High Speed Lines. In addition, the indicative fund value is published on the NYSE Arca’s website and is available through on-line information services such as Bloomberg and Reuters.

Dissemination of the indicative fund value provides additional information that is not otherwise available to the public and is useful to investors and market professionals in connection with the trading of Fund Shares on the NYSE Arca. Investors and market professionals are able throughout the trading day to compare the market price of the Fund and the indicative fund value. If the market price of Fund Shares diverges significantly from the indicative fund value, market professionals will have an incentive to execute arbitrage trades. For example, if the Fund appears to be trading at a discount compared to the indicative fund value, a market professional could buy Fund Shares on the NYSE Arca, aggregate them into Redemption Baskets, and receive the NAV of such Shares by redeeming them to the Trust. Such arbitrage trades can tighten the tracking between the market price of the Fund and the indicative fund value and thus can be beneficial to all market participants.

Purchases and Redemptions in Creation Unit Size

NASDAQ members and BX members are hereby informed that procedures for purchases and redemptions of Shares in Creation Unit Size are described in the Trust’s prospectus and SAI, and that Shares are not individually redeemable but are redeemable only in Creation Unit Size aggregations or multiples thereof.

Principal Risks

Interested persons are referred to the discussion in the prospectus for the Trust of the principal risks of an investment in the Sharess. These include tracking error risk (factors causing the Trust’s performance to not match the performance of its underlying security), market trading risk (for example, trading halts, trading above or below net asset value), investment style risk, sector risk, investment approach risk, non-diversification risk, commodity risk, management risk and liquidity risk.

Exchange Rules Applicable to Trading in the Shares

Trading in the Shares on NASDAQ is on a UTP basis and is subject to NASDAQ equity trading rules. Trading of the Shares on BX is on a UTP basis and is subject to BX equity trading rules.

Trading Hours

The values of any security underlying the Shares are disseminated to data vendors every 15 seconds. The Shares will trade on NASDAQ between 7:00 a.m. and 8:00 p.m. ET. The Shares will trade on BX between 8:00 a.m. and 7:00 p.m. ET. For trading during Nasdaq's and BX's Pre-Market and Post-Market Sessions, market participants should note that additional risks may exist with respect to trading the Shares during these sessions, when the underlying security's values, intraday indicative value, or similar value may not be disseminated or calculated.

Dissemination of Data

The Consolidated Tape Association will disseminate real time trade and quote information for the Shares to Tape B.

Name	Listing Market	Trading Symbol	IOPV Symbol	NAV Symbol
Teucrium Corn Fund	NYSE Arca	CORN	CORN.IV	CORN.NV

Suitability

Trading in the Shares on NASDAQ will be subject to the provisions of NASDAQ Rule 2310. Trading in the Shares on BX will be subject to the provisions of BX Equity Rule 2310. Members recommending transactions in the Shares to customers should make a determination that the recommendation is suitable for the customer. In addition, members must possess sufficient information to satisfy the "know your customer" obligation that is embedded in both the NASDAQ Conduct Rules and the BX Conduct Rules.

NASDAQ and BX members also should review NASD Notice to Members 03-71 for guidance on trading these products. The Notice reminds members of their obligations to: (1) conduct adequate due diligence to understand the features of the product; (2) perform a reasonable-basis suitability analysis; (3) perform customer-specific suitability analysis in connection with any recommended transactions; (4) provide a balanced disclosure of both the risks and rewards associated with the particular product, especially when selling to retail investors; (5) implement appropriate internal controls; and (6) train registered persons regarding the features, risk and suitability of these products.

Trading Halts

NASDAQ will halt trading in the Shares in accordance with NASDAQ Rule 4120. BX will halt trading in the Shares in accordance with BX Equity Rule 4120. The grounds for a halt under these rules include a halt by the primary market because the intraday indicative value of the Shares, the value of its underlying security, or a similar value are not being disseminated as required, or a halt for other regulatory reasons. In addition, NASDAQ and BX will also stop trading the Shares if the primary market delists the Shares of the Trust.

Delivery of a Prospectus

NASDAQ and BX members should be mindful of applicable prospectus delivery requirements under the federal securities laws with respect to transactions in the Shares of the Trust.

Prospectuses may be obtained through the Trust's website. The prospectus for the Trust does not contain all of the information set forth in the Trust's registration statement (including the exhibits to the registration statement), parts of which have been omitted in accordance with the rules and regulations of the Securities and Exchange Commission ("SEC"). For further information about the Trust, please refer to the registration statement.

In the event that the Trust relies upon an order by the SEC exempting the Shares from certain prospectus delivery requirements under Section 24(d) of the 1940 Act and in the future make available a written product description, NASDAQ Rules 4420 and 4421, and BX Equity Rules 4420 and 4421, require that NASDAQ members and BX members, respectively, provide to all purchasers of Shares a written description of the terms and characteristics of such securities, in a form prepared by the Trust, no later than the time a confirmation of the first transaction in the Shares is delivered to such purchaser. In addition, NASDAQ members and BX members shall include such a written description with any sales material relating to the Shares that is provided to customers or the public. Any other written materials provided by a NASDAQ member or a BX member to customers or the public making specific reference to the Shares as an investment vehicle must include a statement in substantially the following form: "A circular describing the terms and characteristics of the Shares of the Fund has been prepared by the Trust and is available from your broker. It is recommended that you obtain and review such circular before purchasing Shares of the Trust. In addition, upon request you may obtain from your broker a prospectus for Shares of the Trust."

A NASDAQ member or a BX member carrying an omnibus account for a non-member broker-dealer is required to inform such non-member that execution of an order to purchase Shares for such omnibus account will be deemed to constitute agreement by the non-member to make such written description available to its customers on the same terms as are directly applicable to NASDAQ members and BX members under this rule.

Upon request of a customer, NASDAQ members and BX members also shall provide a copy of the prospectus.

Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations

The SEC has issued exemptive, interpretive or no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 (the "Act") regarding trading in the above mentioned exchange-traded Shares.

Regulation M Exemptions

Generally, Rules 101 and 102 of Regulation M prohibit any “distribution participant” and its “affiliated purchasers” from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Funds to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Funds (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Funds for redemption does not constitute a bid for or purchase of any of the Funds’ securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

Customer Confirmations for Creation or Redemption of Fund Shares (SEC Rule 10b-10)

Broker-dealers who handle purchases or redemptions of Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to a Fund for purposes of purchasing Creation Unit Aggregations (“Deposit Securities”) or the identity, number and price of shares to be delivered by the Trust to the redeeming holder (“Redemption Securities”). The composition of the securities required to be tendered to the Trust for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemptions is subject to the following conditions:

1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;

2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c);

3) Except for the identity, number and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

SEC Rule 14e-5

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of a Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of a Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchased; or
2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

Section 11(d)(1); SEC Rules 11d1-1 and 11d1-2

Section 11(d)(1) of the Act generally prohibits a person who is both a broker and a dealer from effecting any transaction in which the broker-dealer extends credit to a customer on any security which was part of a new issue in the distribution of which he participated as a member of a selling syndicate or group within thirty days prior to such transaction. The SEC has clarified that Section 11(d)(1) does not apply to broker-dealers that are not Authorized Participants (and, therefore, do not create Creation Unit Aggregations) that engage in both proprietary and customer transactions in Shares of the Fund in the secondary market, and for broker-dealer Authorized Participants that engage in creations of Creation Unit Aggregations. This relief is subject to specific conditions, including the condition that such broker-dealer (whether or not an Authorized Participant) does not, directly or indirectly, receive from the fund complex any payment, compensation or other economic incentive to promote or sell the Shares of a Fund to persons outside the fund complex, other than non-cash compensation permitted under NASD Rule 2830(l)(5)(A), (B) or (C). (See letter from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.) The SEC also has taken a no-action position under Section 11(d)(1) of the Act that broker-dealers may treat Shares of a Fund, for purposes of Rule 11d1-2, as "securities issued by a registered open-end investment company as defined in the Investment Company Act" and thereby extend credit or maintain or arrange for the extension or maintenance of credit on Shares that have been owned by the persons to whom credit is provided for more than 30 days, in reliance on the exemption contained in the rule.

SEC Rule 15c1-5 and 15c1-6

The SEC has taken a no-action position with respect to Rule 15c1-5 and Rule 15c1-6 as to the required disclosure of control by a broker or dealer with respect to creations and redemptions of Fund Shares and secondary market transactions therein. (See letter from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.)

This Information Circular is not a statutory prospectus. NASDAQ members and BX members should consult the Fund's prospectus and/or the Fund's website for relevant information.
